

Madoors

Innovative Engineering

We're **Madoors**

We provide solutions you need

Madoors is an innovative engineering company and professional manufacturer of security equipments and access control systems which located in **Ankara, TURKEY** since **1986**. We believe that continuous success depends upon the ability to provide superior quality products and services at the lowest possible prices. We promote passion to transcend with a Madoors spirit at all levels of organization. Integrity and commitment to customer satisfaction are our core values. We can claim a wealth of experience in the manufacture of high security barricade and barrier systems and have a proven track record that is difficult to surpass. We have developed an impressive range of products, ranging from **PAS 68 / K12 high security road blockers** to **traffic automatic rising bollards**, designed to enhance the security of premises and improve the protection of personnel. Since our entry into the security field we have gained an outstanding reputation for quality and reliability. Sites supplied over the years include global corporations, banks, airports, government buildings and palatial sites. We pride ourselves on being one of the leaders in the design and manufacture of high security crash rated products.

Countries we sold our products already

We export our products all over the world. You can find the countries below:

Ukraine, Azerbaijan, Turkmenistan, Montenegro, Mongolia, Syria, Saudi Arabia, Iraq, Libya, Egypt, Algeria, Somalia, Burkina Faso, Qatar, Afghanistan.

Madoors Tyre Killers

Madoors tyre killer is composed by heavy duty spikes that rise from the ground. It operates like an access control barrier. It prevents the passage of unauthorized vehicles or it allows the exit from a supervised area. It can be installed with other access control elements (for example Madoors bollards, Madoors road blocker or gates) in order to achieve an access control check-point at the highest level of security. Many optional items are available for Madoors Tyre Killer in order to configure each individual system.

It is a suitable product for the passage and roads that need to be closed in a short time period. Specially manufactured skewers (nails, teeth) are provided to blow the tires of vehicles coming in the opposite direction on the barrier. Thanks to these teeth, it is not possible to move the vehicle in the designated area except in the direction allowed by the trap.

General Features

- Our tyre killers can be manufactured in different ways (length etc.) depending on the purpose of use.
- Mechanically manufactured tyre killers work without any problems even in heavy tonnage vehicles.
- The product is complete hot dip galvanized.
- Galvaniz can be painted with optional yellow or red electrostatic powder paint on request.
- There is absolutely no rusting and can be used seamlessly for many years.
- With the manual ejection system, you can allow vehicle transitions from the opposite direction.
- There is absolutely no need for excavation to be done during the installation for surface mounted types.
- There are no cases of breakage or damage to the skewers during normal passes.
- Spikes on barrier are heat treated steel.
- Barrier warning signs are given free of charge beside our products.
- Our products have laser cut one piece monoblock body.
- The pallets are manufactured to the 17.5 ton axle load.
- The tyre killer is produced 1.5 meters long pieces.
- Width of the pallets are minimum 40 cm.
- Height of the barrier is 8cm.
- By adding the barrier side-by-side, desired length can be obtained.
- Shaft holding spindle is 12 mm. st 52 steel.
- Our products has 2 years of warranty period.
- We also have 10 years of warranty period for spare parts.

Our References

Due to the sensitivity of our security products and the institutions we install, we place great emphasis on trust and privacy. Because of our sensitive and careful approach, we have been favored by Turkey's most important institutions, including the **Presidency of Turkey** and **Turkish Armed Forces General Staff**. Some of our references are below:

Presidency of Turkey

Prime Ministry of Turkey

Turkish Armed Forces General Staff

Our Other Products

We are an innovative engineering company. So our customers need is the key value for our products. We can manufacture anything you want in our factory. Along with that our products can be classified as below:

ACCESS CONTROL SYSTEMS

Madoors

X-RAY

Madoors

ROBOTICS, BOMB DISPOSAL

Madoors

BALLISTIC, BULLETPROOF, ARMORED

Madoors

WEAPONS STORAGE, ARMORY CABINETS

Madoors

SAFETY DEPOSIT BOX

Madoors

FLAG POLE, FLAG HANGING SYSTEM

Madoors

DOCUMENT, PAPER SHREDDER

Madoors

GUARD FOOT HEATING SYSTEM

Madoors

ROCKET BLOCKER WIRE
