# We're Madoors

We provide solutions you need

Madoors is an innovative engineering company and professional manufacturer of security equipments and access control systems which located in **Ankara, TURKEY** since **1986**. We believe that continuous success depends upon the ability to provide superior quality products and services at the lowest possible prices. We promote passion to transcend with a Madoors spirit at all levels of organization. Integrity and commitment to customer satisfaction are our core values. We can claim a wealth of experience in the manufacture of high security barricade and barrier systems and have a proven track record that is difficult to surpass. We have developed an impressive range of products, ranging from **PAS 68 / K12 high security road blockers** to **traffic automatic rising bollards**, designed to enhance the security of premises and improve the protection of personnel. Since our entry into the security field we have gained an outstanding reputation for quality and reliability. Sites supplied over the years include global corporations, banks, airports, government buildings and palatial sites. We pride ourselves on being one of the leaders in the design and manufacture of high security crash rated products.

## Countries we sold our products already

We export our products all over the world. You can find the countries below:

Ukraine, Azerbaijan, Turkmenistan, Montenegro, Mongolia, Syria, Saudi Arabia, Iraq, Libya, Egypt, Algeria, Somalia, Burkina Faso, Qatar, Afghanistan.

## Madoors's Previous UN Project

**Madoors** was preferred by the **United Nations Turkey** with its experience and reliability in *ballistic guard booth, automatic rising bollards and drop arm barriers*.

## **Madoors Bi Folding Gates**

**Madoors Bi Folding Gates** offer the client the opportunity to have an automated swing gate in an area that a standard gate would not fit. When the client has an incline rising upwards into the drive that a standard swing gate would bottom out on, the bi fold design only takes up a quarter of the space solving the problem.

The gates can be supplied in our standard bar infill design or other designs including ornate designs in metal or wood, we are happy to create a design specified by the client.

We are offering different kinds of bi folding gates in galvanized and powder coated steel designs or from high quality hardwoods such as iroko or utile.

When space requires a gate to only fold to one side, we can install a solution that uses only two leaves that fold back out of the way in one direction giving maximum vehicular entry needed.

As the bi folding gate opens in twice the speed of a conventional swing gate between 3 to 7 seconds, it offers the client the affordability to swiftly enter their property when required.

Automation is available using surface mounted operators on the rear of the gate leaf or underground if required.

Bi folding gates can be integrated with every access control systems. These gates are classed as electrical machines and can cause serious harm if not installed and maintained correctly by professional gate installers.

Our dedicated team can design and manufacture any design using the latest technologies, view our videos to give an insight into the construction techniques used during the manufacturing process.

## Our References

Due to the sensitivity of our security products and the institutions we install, we place great emphasis on trust and privacy. Because of our sensitive and careful approach, we have been favored by Turkey's most important institutions, including the **Presidency of Turkey** and **Turkish Armed Forces General Staff**. Some of our references are below:

Presidency of Turkey

Prime Ministry of Turkey

Turkish Armed Forces General Staff

Turkish Land Forces Command

Turkish Naval Forces Command

General Command of Gendarmerie

## Our Certificates

We have many certificates for our wide range product and customer profile. For Europe, African and CIS countries generally needed certificates which we have are EN ISO 9001, K12 and PAS68 Crash Test Certificates.

## Our Other Products

We are an innovative engineering company. So our customers need is the key value for our products. We can manufacture anything you want in our factory. Along with that our products can be classified as below:

**PVC HIGH SPEED DOORS**

Madoors

**SECTIONAL DOORS, ROLLING SHUTTERS**

Madoors

**REVOLVING DOOR**

Madoors

**AUTOMATIC DOOR**

Madoors

**FOLDING GATE**

Madoors

**AIRCRAFT, SHIPYARD HANGAR DOORS**

Madoors

**FLAG POLE, FLAG HANGING SYSTEM**

Madoors

**DOCUMENT, PAPER SHREDDER**

Madoors

**GUARD FOOT HEATING SYSTEM**

Madoors

**ROCKET BLOCKER WIRE**
