Madoors Portable X-ray system , Portable x-ray baggage , car , box inside inspection systems

Madoors portable x-ray product **P-XRAY-30 SERIES** information:

The MAdoors **P-XRAY-30 SERIES** x-ray systems is now available! Portable X-ray system panel comes with built-in panel wireless and long battery life, making additional accessories optional only. Take the panel, x-ray source and nothing more when down range! Also available with CAT for cable free, extended and fast wireless transmission at your finger tips.

In the security industry safety is of the utmost importance, as lives are often at stake. Portable digital X-ray system allows for one approach downrange and produces great images at the click of a button. This rugged portable battery-operated flat panel is 15mm (0.6") thin and provides superior imaging capabilities. While weighing only 3kg (6.6lbs), this panel has the largest imaging area: 35 X 43 cm (14X17 in).

Madoors **P-XRAY-30 SERIES** has unmatched penetration while providing 16bit (65,536 Grey levels) images and the highest level of detail in digital radiology imaging, ensuring accurate detection. Like all Portable X- ray systems, Portable X-ray system fits into one case and can be carried to any inspection site with a pull-out laptop station for even simpler use. The rugged imager enables easy positioning for X- ray inspection in challenging conditions. Handheld use protable x-ray unit systems 2 years warranty
